

Report Builder Prompt

Final Deck Generation Tool

Instructions

Enter the prompt below into AI (we recommend **Claude**) and paste your data under each header. The output is structured slide content that you can drop directly into a presentation deck.

Don't rush this step. The quality of your output directly reflects the quality of your inputs. Incomplete notes produce thin slides. Full notes produce a deck that sells itself.

COPY AND PASTE THE PROMPT BELOW

CONTEXT & GOAL

I am an AI Consultant finalizing a "Lightweight AI Opportunities Report" for a small-to-medium business. I have completed the audit, identified the bottlenecks, and researched the specific "Off-the-Shelf" AI tools that will solve their problems.

My goal is to create a 10-slide Presentation Deck that clearly explains:

1. The current pain/cost of their manual processes.
2. The specific AI tool that solves it (and how).
3. The estimated ROI (Time/Money saved).

THE DATA SOURCES

I am providing 5 distinct inputs below. Please analyze all of them before writing.

1. THE INTAKE FORM (Initial data):

[PASTE INTAKE FORM RESPONSES HERE]

2. THE WEBSITE TEXT (Public description):

[PASTE WEBSITE TEXT HERE]

3. THE PRE-CALL REPORT (My initial hypothesis):

[PASTE PRE-CALL REPORT HERE]

4. THE AUDIT TRANSCRIPT (The actual conversation/truth):

[PASTE TRANSCRIPT HERE]

5. MY RESEARCH NOTES (The 3 specific tools I have selected):

[PASTE YOUR NOTES ON THE 3 TOOLS HERE - Include Name, Pricing, Features, how it integrates into their workflows, expected time savings]

YOUR TASK

Write the content for the Presentation Deck. Tone: professional, concise, persuasive. Structure exactly as follows:

SLIDE 1: TITLE CARD

- Title: AI Opportunities Report for [Company Name]
- Subtitle: Operational Efficiency Audit & Recommendations

SLIDE 2: EXECUTIVE SUMMARY

- Bulleted list of the 5-10 major bottlenecks identified
- "Current State" cost based on transcript numbers
- Number of AI opportunities identified

SLIDE 3: OPPORTUNITY #1 - [Tool Name] (THE PROBLEM)

- Headline: Current Bottleneck: [Name of Process]
- Description: The manual process they're doing now (quote evidence from transcript)
- The Cost: 2-3 bullet points on time/money currently wasted

SLIDE 4: OPPORTUNITY #1 - [Tool Name] (THE SOLUTION)

- Headline: The AI Solution
- Tool: [Name of Tool]
- How it Works: Before workflow → new AI-driven workflow
- Impact: Estimated time saved per week

SLIDE 5: OPPORTUNITY #2 - [Tool Name] (THE PROBLEM)

- Headline: Current Bottleneck: [Name of Process]
- Description: The manual process (reference transcript evidence)
- The Cost: Time/money wasted

SLIDE 6: OPPORTUNITY #2 - [Tool Name] (THE SOLUTION)

- Headline: The AI Solution
- Tool: [Name of Tool]
- How it Works: Workflow transformation
- Impact: Weekly time savings

SLIDE 7: OPPORTUNITY #3 - [Tool Name] (THE PROBLEM)

- Headline: Current Bottleneck: [Name of Process]
- Description: The manual process (reference transcript evidence)
- The Cost: Time/money wasted

SLIDE 8: OPPORTUNITY #3 - [Tool Name] (THE SOLUTION)

- Headline: The AI Solution
- Tool: [Name of Tool]
- How it Works: Workflow transformation
- Impact: Weekly time savings

SLIDE 9: ROI SUMMARY

- Total Monthly Cost of New Tools: \$[Amount]
- Total Monthly Hours Saved: [Amount]
- Estimated Annual Savings: \$[Amount] (show the math)
- The "No-Brainer" Statement: one sentence summarizing the ROI

SLIDE 10: NEXT STEPS

- Summary and clear call to action to select tools for implementation

CONSTRAINTS

- Keep text concise for slides. Use bullet points.
- Use specific pricing/features from my Research Notes.
